BIOGRAPHICAL SKETCH

Born in Mississippi in 1927, Dunn at age seventeen volunteered for service in World War II. Later he earned degrees in finance and in dental surgery from the University of Mississippi and from the University of Tennessee at Memphis. Over the years he was active in many local, state and national campaigns. A practicing dentist, he was the first Republican governor in fifty years, and served at a time of increased urbanization, industrial growth, and strides in civil rights. Dunn instituted a kindergarten program for Tennessee children, further reorganized state government, and developed highway construction plans and health programs.
